

# DECEMBER NEWSLETTER

## ENGINEERING

Students in Mr. Schmidt's class were building battery operated cars that they then were able to race against one another.

## VOLLEYBALL WITH MS. PEOPLES

The team won **BOTH** of our matches against Spruance and Harding.

Over the past few weeks the girls have been working really hard to improve their skills. They are coming together as a team, and are cheering each other on both at practices and during the games.

Their skills are improving immensely and they are having a lot of fun!
